Information about Copyrighted Content

Some instruments administered as part of this study may contain in whole or substantially in part contents from copyrighted instruments. Reproductions of the instruments are provided as documentation for the analysis of the data associated with this collection. Restrictions on "fair use" apply to all copyrighted content. More information about the reproduction of copyrighted works by educators and librarians is available from the United States Copyright Office.

NOTICE WARNING CONCERNING COPYRIGHT RESTRICTIONS

The copyright law of the United States (Title 17, United States Code) governs the making of photocopies or other reproductions of copyrighted material. Under certain conditions specified in the law, libraries and archives are authorized to furnish a photocopy or other reproduction. One of these specified conditions is that the photocopy or reproduction is not to be "used for any purpose other than private study, scholarship, or research." If a user makes a request for, or later uses, a photocopy or reproduction for purposes in excess of "fair use," that user may be liable for copyright infringement.

ICPSR PROCESSING NOTES FOR # 20862

Latino National Survey, 2006

1. **Sequential record identifier:** ICPSR created a unique sequential record identifier variable named **CASEID** for use with online analysis.
2. **Missing Values:** The "(M)" to the right of the value indicates the code has been designated as a missing value. In this dataset, most of the values with this designation are system missing represented by a period.
 - a. The blanks in strings variables were recoded as [MISSING] except for variables IMMSTAT and CADESTIN1 to CADESTIN10. Blanks in variables IMMSTAT and CADESTIN1 to CADESTIN10 were recoded as "M" and designated as missing.
 - b. ***Per the request of the PIs, only 9-series codes were declared as missing. This means that other values labeled as don't know or refused will be counted as valid even if you select exclude missing values in SDA.***
3. **Character/String Variables:** Summary statistics are not provided for variables of string/character format. The following variables are string/character format:

Data Completeness Report

Notes: (1) Variables are individually listed only if they have greater than 5% missing data. These variables are listed under the appropriate percentage category in the order in which they appear in the data file. (2) The Data Completeness Report only captures information about system missing or other values that are declared missing. Codes that have a label implying that they are missing but that are not declared missing values are not reflected in this report. Data users should consult the codebook for more specific information about missing values. (3) Some variables that have 100% missing data may have been blanked by ICPSR to protect respondent confidentiality. Data users should consult the codebook for more specific information about blanked variables. (4) Data do not contain skip patterns or skip patterns are not reflected in the data as coded.

Table 1: Distribution of Variables by Percentage of Missing Values--Public Use + Contextual Data

Variable Name and Label (Total Cases = 8634)		Percent of Cases with Missing Values
17.6% (75 of 427 variables)		have 0% Missing Values
27.4% (117 of 427 variables)		have 0% - 1% Missing Values
15.2% (65 of 427 variables)		have 1% - 3% Missing Values
1.9% (8 of 427 variables)		have 3% - 5% Missing Values
5.9% (25 of 427 variables)		have 5% - 10% Missing Values
BIRDATE	B1. What year were you born? (RECORD 4-DIGIT YEAR, REFUSED = 9999)	5.7%
AGE	Respondent Age	5.7%
AQI2	Secondary Age Variable	5.7%
RACE1	E13. What is your race? Are you White, Black, American Indian, Asian, Native Hawaiian/Pacific Islander, some other race or more than one? (PROBE IF RESPONDENT SAYS ANOTHER RACE, RECORD ALL THAT APPLY)	7.3%
LATRACE	E14. In the US, we use a number of categories to describe ourselves racially. Do you feel that ANSWERFROM(AQS4B) make up a distinctive racial group in America?	6.6%
SKNCOLOR	E16. ANSWERFROM(AQS4B) can be described based on skin tone or complexion shades. Using a scale from 1 to 5 where 1 represents very dark and 5 represents being very light, where would you place yourself on that scale? (RECORD ANSWER FROM 1-5; REFUSED = 9)	6.6%
WHICOMM	G1.B Thinking about issues like job opportunities, educational attainment or income, how much do ANSWERFROM(AQS4B) have in common with other racial groups in the United State today? Would you say ANSWERFROM(AQS4B) have a lot in common, some in common, ...	9.6%
COMPLIC	K3.C People have different ideas about the government in the United States. Please tell me how strongly you agree or disagree with each of these statements ... Sometimes politics and government seem so complicated that a person like me can't really und...	7.7%
EQURIGHT	K5.A Would you strongly agree, somewhat agree, somewhat disagree, strongly disagree with the following statements, or do you have no opinion ... No matter what a person's political beliefs are, they are entitled to the same legal rights and protections...	6.0%

Table 1: Distribution of Variables by Percentage of Missing Values--Public Use + Contextual Data

Variable Name and Label (Total Cases = 8634)	Percent of Cases with Missing Values
SYSBLAME	K5.B Would you strongly agree, somewhat agree, somewhat disagree, 7.4% strongly disagree with the following statements, or do you have no opinion ... Most people who don't get ahead should not blame the system; they have only themselves to blame.
CHANCE	K5.D Would you strongly agree, somewhat agree, somewhat disagree, 7.5% strongly disagree with the following statements, or do you have no opinion ... It is not really that big of a problem if some people have more of a chance in life than others.
ECONOMY	K10. Now thinking about the economy in the country as a whole, would 6.2% you say that over the past year the nation's economy has gotten better, stayed about the same, or gotten worse?
JOBPAY	K16. Where you currently live, have you ever been paid less than you 8.0% were promised, or not paid at all, for work you completed?
RGCOMM	L1. Thinking about issues like job opportunities, educational attainment 5.4% or income, how much do you have in common with other ANSWERFROM(AQS4B)? Would you say you have a lot in common, some in common, little in common, or nothing at all in ...
RGPCOMM	L2. Now thinking about things like government services and 7.1% employment, political power, and representation, how much do you have in common with other ANSWERFROM(AQS4B)? Would you say you have a lot in common, some in common, little in comm...
RGFATE	L3. How much does your 'doing well' depend on other 7.1% ANSWERFROM(AQS4B) also doing well? A lot, some, a little, or not at all?
LATCOMM	L4. Thinking about issues like job opportunities, education or income, 6.8% how much do ANSWERFROM(AQB4C) have in common with other ANSWERFROM(AQS4B)? Would you say ANSWERFROM(AQB4C) share a lot in common, some things in common, little in common...
LATPCOMM	L5. Now thinking about things like government services and 8.4% employment, political power and representation, how much do ANSWERFROM(AQB4C) have in common with other ANSWERFROM(AQS4B)? Would you say ANSWERFROM(AQB4C) share a lot in common, so...
LATFATE	L6. How much does ANSWERFROM(AQB4C) 'doing well' depend on 7.8% how other ANSWERFROM(AQS4B) are also doing well? A lot, some, a little, or not at all?
INCSUPP	L20.B How about ... Government should provide income support to 8.8% those who need it (REPEAT RESPONSE CHOICES AS NEEDED)
HEALTH	L20.C How about ... The current health-care system needs government 9.3% intervention to improve access and reduce costs (REPEAT RESPONSE CHOICES AS NEEDED)
DREAMACT	L20.D How about ... Undocumented immigrants attending college 7.6% should be charged a higher tuition rate at state colleges and universities, even if they grew up and graduated high-school in the state. (REPEAT RESPONSE CHOICES AS NEEDED)

Table 1: Distribution of Variables by Percentage of Missing Values--Public Use + Contextual Data

Variable Name and Label (Total Cases = 8634)		Percent of Cases with Missing Values
SPANSEV	L23.A Are the following government services available in Spanish in your community ... Social services including public health clinics or hospitals?	8.4%
CONTRINC	N6. How many people work to contribute to this combined income? (RECORD EXACT NUMBER OF PEOPLE, REFUSED = 99)	6.6%
SUPPINC	N7. How many people are currently supported by this combined income? (RECORD EXACT NUMBER OF PEOPLE, REFUSED = 99)	7.0%
3.3% (14 of 427 variables)		have 10% - 20% Missing Values

FLDIPLO	N4b. Do you favor or oppose the U.S. re-establishing diplomatic relations with Cuba?	95.1%
FLRETURN	N4c. What if Cuba changed to a democratic form of government. How likely is it that you would return to Cuba to live - would you say very likely, somewhat likely, not very likely, or not at all likely?	95.1%

Table 1: Distribution of Variables by Percentage of Missing Values--Public Use + Contextual Data

Variable Name and Label (Total Cases = 8634)		Percent of Cases with Missing Values
FLIMIT	N4d. What do you think about recent federal policy changes that limit travel and remittances to family members in Cuba?	95.1%
2.1% (9 of 427 variables)		have 100% missing values
RACE5	E13. What is your race? Are you White, Black, American Indian, Asian, Native Hawaiian/Pacific Islander, some other race or more than one? (PROBE IF RESPONDENT SAYS ANOTHER RACE, RECORD ALL THAT APPLY)	100.0%
RACE6	E13. What is your race? Are you White, Black, American Indian, Asian, Native Hawaiian/Pacific Islander, some other race or more than one? (PROBE IF RESPONDENT SAYS ANOTHER RACE, RECORD ALL THAT APPLY)	100.0%
CADESTIN4	K18a2. What state(s) have you considered moving to?	100.0%
CADESTIN5	K18a2. What state(s) have you considered moving to?	100.0%
CADESTIN6	K18a2. What state(s) have you considered moving to?	100.0%
CADESTIN7	K18a2. What state(s) have you considered moving to?	100.0%
CADESTIN8	K18a2. What state(s) have you considered moving to?	100.0%
CADESTIN9	K18a2. What state(s) have you considered moving to?	100.0%
CADESTIN10	K18a2. What state(s) have you considered moving to?	100.0%

ICPSR 20862

Latino National Survey (LNS), 2006, Public Use + Contextual Data

Variable Description and Frequencies

Note: Frequencies displayed for the variables are not weighted. They are purely descriptive and may not be representative of the study population. Please review any sampling or weighting information available with the study.

Summary statistics (minimum, maximum, mean, median, and standard deviation) may not be available for every variable in the codebook. Conversely, a listing of frequencies in table format may not be present for every variable in the codebook either. However, all variables in the dataset are present and display sufficient information about each variable. These decisions are made intentionally and are at the discretion of the archive producing this codebook.

WATCHNEW

A1. How frequently would you say you watch television news? Would it be daily, most days, only once or twice a week, or almost never?

- Study 20862 -

Location: 62-62 (width: 1; decimal: 0)

Variable Type: numeric

Question: A1. How frequently would you say you watch television news? Would it be daily, most days, only once or twice a week, or almost never?

<i>Value</i>	<i>Label</i>	<i>Unweighted Frequency</i>	<i>%</i>
1	Daily	5399	62.5 %
2	Most days	1111	12.9 %
3	Once or twice a week	1448	16.8 %
4	Almost never	676	7.8 %

Based upon 8634 valid cases out of 8634 total cases.

- Mean: 1.70
- Median: 1.00
- Mode: 1.00
- Minimum: 1.00
- Maximum: 4.00
- Standard Deviation: 1.01

READPAPR

A2. How often would you say you read a daily newspaper? Would it be daily, most days, only once or twice a week, or almost never?

Location: 63-63 (width: 1; decimal: 0)

Variable Type: numeric

Question: A2. How often would you say you read a daily newspaper? Would it be daily, most days, only once or twice a week, or almost never?

<i>Value</i>	<i>Label</i>	<i>Unweighted Frequency</i>	<i>%</i>
1	Daily	1769	20.5 %
2	Most days	539	6.2 %
3	Once or twice a week	2433	28.2 %
4	Almost never	3893	45.1 %

Based upon 8634 valid cases out of 8634 total cases.

- Mean: 2.98
- Median: 3.00
- Mode: 4.00
- Minimum: 1.00
- Maximum: 4.00
- Standard Deviation: 1.15

RELYMED

A4. For information about public affairs and politics, would you say you rely more heavily on Spanish-language television, radio, and newspapers, or on English-language TV, radio, and newspapers?

Location: 64-64 (width: 1; decimal: 0)

- Study 20862 -

Variable Type: numeric

Range of Missing Values (M): 4

Question: A4. For information about public affairs and politics, would you say you rely more heavily on Spanish-language television, radio, and newspapers, or on English-language TV, radio, and newspapers?

<i>Value</i>	<i>Label</i>	<i>Unweighted Frequency</i>	<i>%</i>
1	English more	2610	30.2 %
2	Spanish more	3889	45.0 %
3	Both Equally (Bilingual)	2055	23.8 %
4 (M)	Other, DK/NA	80	0.9 %

Based upon 8554 valid cases out of 8634 total cases.

- Mean: 1.94
- Median: 2.00
- Mode: 2.00
- Minimum: 1.00
- Maximum: 3.00
- Standard Deviation: 0.74

INTERNET

A5. Do you have regular internet access at home, somewhere else, or not at all?

Location: 65-65 (width: 1; decimal: 0)

Variable Type: numeric

Question: A5. Do you have regular internet access at home, somewhere else, or not at all?

<i>Value</i>	<i>Label</i>	<i>Unweighted Frequency</i>	<i>%</i>
1	Home	3340	38.7 %
2	Elsewhere	485	5.6 %
3	Both	450	5.2 %
4	Not at all	4359	50.5 %

Based upon 8634 valid cases out of 8634 total cases.

- Mean: 2.68
- Median: 4.00
- Mode: 4.00
- Minimum: 1.00
- Maximum: 4.00
- Standard Deviation: 1.42

POLINTERE

A6. How interested are you in politics and public affairs? Would you say you are very interested, somewhat interested, or not at all interested?

Location: 66-66 (width: 1; decimal: 0)

Variable Type: numeric

- Study 20862 -

Question:

A6. How interested are you in politics and public affairs? Would you say you are very interested, somewhat interested, or not at all interested?

<i>Value</i>	<i>Label</i>	<i>Unweighted Frequency</i>	<i>%</i>
1	Not sure/don't know	348	4.0 %
2	Not interested	2588	30.0 %
3	Somewhat interested	3862	44.7 %
4	Very interested	1805	20.9 %
5	Refused	31	0.4 %

Based upon 8634 valid cases out of 8634 total cases.

- Mean: 2.84
- Median: 3.00
- Mode: 3.00
- Minimum: 1.00
- Maximum: 5.00
- Standard Deviation: 0.81

Question:

Hispanic language usage index, by GEOFIPS area

Hispanic individuals ages 5 and above are assigned to five language segments based on the language capabilities of individual Hispanics and overall capability of their households: English dependent; Bi-lingual English preferred; Bi-lingual English and Spanish equally used; Bi-lingual Spanish preferred; Spanish dependent. This variable uses these segments to generate percentile ranks of GEOFIPS areas, where 0 indicates no Spanish language usage, and 100 indicates the
